

SOLIS IMS Perfetta Filter Baskets

Designed to bring out the best in your coffee: Italian-made professional filter basket with patented perforation technology for a perfectly balanced espresso.

Balanced extraction

This filter basket is designed for a balanced coffee extraction, bringing out the best espresso flavour.

Unique perforation design

Photo-etched micro perforations enable a consistent extraction of all aromatic notes.

Professional quality

Competition filter basket made of stainless steel, manufactured by IMS in Italy.

Optimal shape

The shape of the filter creates a compact coffee puck that promotes an even extraction.

Easy to clean

The mirror finish facilitates cleaning and allows coffee to pass through without any obstruction.

Perfect fit

Compatible with the Perfetta espresso machines by Solis.
